Objective

Dynamic and results-driven Front-End Developer with over 4 years of hands-on experience in creating highly interactive and user-friendly web applications. Adept at leveraging modern frameworks such as ReactJS and Angular to deliver optimized, high-performance solutions. Eager to bring strong problem-solving skills, a collaborative mindset, and a passion for continuous learning to a forward-thinking company, contributing to innovative projects and enhancing user experiences

Professional Experience

Accenture Solutions Pvt. Ltd.

Indore, MP

Packaged App Development Senior Analyst

28 Nov 2025 – Present

- Sole frontend developer responsible for designing, developing, and delivering ReactJS features while directly interacting with clients to understand and implement requirements.
- Integrated OpenAI APIs into the frontend to enable AI-driven, real-time content generation based on user inputs.
- Built scalable and reusable React components with improved performance using modern hooks and lazy loading techniques.
- Collaborated cross-functionally to align UI logic with backend and GenAI workflows, ensuring seamless feature integration.

Tata Consultancy Services Ltd

Indore, MP

System Engineer

29 Dec 2021 – 14 Nov 2025

- Integrated APIs and managed state using Redux and React Query, ensuring seamless data flow and user interactions, resulting in a 20% increase in data processing efficiency.
- Enhanced application performance through lazy loading, code splitting, and minimizing load times, improving load times by 30% through advanced optimization techniques.
- Utilized Git for version control, facilitating effective collaboration in team environments, reducing merge conflicts by 40%.
- Debugged and enhanced existing codebases, maintaining clean and scalable front-end architecture, leading to a 25% reduction in bug-related incidents.
- Developed user-friendly interfaces and components using React, Bootstrap, and Material UI, achieving 90% UI responsiveness across all display types, and enhancing user satisfaction scores by 15%.

V2 Venture Tech PVT LTD

Udaipur, RJ

Associate Software Developer

July 2021 – October 2021

- Gained hands-on experience with Lightning App Builder in Salesforce, leading to a 25% reduction in development time for custom components.
- Collaborated with senior developers, enhancing understanding of Salesforce development best practices, and successfully implemented 10+ best practice techniques.
- Developed and customized Lightning components, resulting in a 30% improvement in user interface performance and user satisfaction.

Education

Rajiv Gandhi Proudhyogiki Vishwavidyalaya

Bachelor of Technology: Computer Science Engineering.

Bhopal, MP

2017-2021

Leadership and Activities
